## Acta Zhengzhou University Oversea Version (*Life Sci J*)

**Life Science Journal**, the Acta Zhengzhou University Oversea Version, is an international journal with the purpose to enhance our natural and scientific knowledge dissemination in the world under the free opinion/idea publishing principle. The journal is calling for papers from all the world. All the valuable papers or reports that are related to life sciences - in their broadest sense - are welcome. Other academic articles that are only certain relevant but are of high quality will also be considered and published. Papers submitted could be reviews, objective descriptions, research reports, opinions/debates, news, letters, and other types of writings. All submitted manuscripts will be sent for external peer review and processed the editorial work. After the peer review, the journal will make the best efforts to publish the accepted valuable articles as soon as possible. Let's work together to disseminate our research results and our opinions/ideas.

## Introductions to Authors

### 1. General Information

- (1) **Goals:** As an international journal published both in print and on internet, **Life Science Journal** is dedicated to the dissemination of fundamental knowledge in all areas of life sciences. The main purpose of **Life Science Journal** is to enhance our knowledge spreading in the world under the free opinion/idea publishing principle. It publishes full-length papers (original contributions), reviews, rapid communications, and any debates and opinions in all the fields of life science.
- (2) **What to Do:** The **Life Science Journal** provides a place for discussion of scientific news, research, theory, philosophy, profession and technology - that will drive scientific progress. Research reports and regular manuscripts that contain new and significant information of general interest are welcome.
- (3) **Who:** All people are welcome to submit manuscripts in life science fields. Papers of other fields are also considered.
- (4) **Copyright and Responsibility of Authors to their Articles:** When the manuscript(s) is submitted to the journal, the authors agree the following: All the authors have participated sufficiently in this work; The article is not published elsewhere; Authors are responsibility on the contents of the article; The journal and author(s) have the same right for the copyright of the article and either of the journal or author(s) can use it by anyway without noting the other party.
- (5) **Publication Costs:** US\$600 per article to defray the costs of the publication will be paid by the authors.
- (6) **Advertisements:** The price will be US\$400/page, and we normally accept one advertisement for one page. Other size of the advertisement please contact with our editorial office through email.

### 2. Manuscript Preparation

Each manuscript is suggested to include the following components but authors can do their own ways:

- (1) **Title:** including the complete article title; each author's full name; institution(s) with which each author is affiliated, with city, state/province, zip code, and country; and the name, complete mailing address, telephone number, facsimile number (if available), and at least one email address for author(s).
- (2) **Abstract:** including Background, Materials and Methods, Results, and Discussions.
- (3) **Key Words.**
- (4) **Introduction.**

- (5) **Materials and Methods.**
- (6) **Results.**
- (7) **Discussions.**
- (8) **Acknowledgments.**
- (9) **References.**

### 3. Manuscripts Submission

- (1) **Submission Methods:** Submission through email ([editor@sciencepub.net](mailto:editor@sciencepub.net) or [lifesciencej@gmail.com](mailto:lifesciencej@gmail.com)) is encouraged.
- (2) **Software:** The Microsoft Word file.
- (3) **Font:** Normal, Times New Roman, 10 pt, single space.
- (4) **Page Setup:** Paper-Letter size; Margins-2.54 cm each side; Header/Footer-1.27 cm.
- (5) **Indent:** Type 8 spaces in the beginning of each new paragraph.
- (6) **Manuscript:** Don't use "Footnote" or "Header and Footer".
- (7) **Email:** At least one author's email must be put under title.
- (8) **Title:** Use Title Case in the title and subtitles, e.g. "Molecular Study of Stem Cell".
- (9) **Figures and Tables:** Use full word of figure and table, e.g. Figure 1. Annual Income of Different Groups, Table 1. Annual Increase of Investment.
- (10) **References:** Cite references by "last name, year", e.g. "(Smith, 2003)". References should include all the authors' last names and initials, title, journal, year, volume, issue, and pages etc.

#### **Reference Examples:**

**Journal Article:** Hacker J, Hentschel U, Dobrindt U. Prokaryotic chromosomes and disease. *Science* 2003;301(34):790-3. **Book:** Berkowitz BA, Katzung BG.
